These returns and fund operating expenses are expressed as percentages. 3, 5 and 10 Year/Since Inception returns shown are annualized. For 10 Year/Since Inception, if the fund was not in existence for 10 years, returns shown are since inception. If the fund is less than one year old, returns are not annualized.

Performance returns reflect a deduction for fund operating expenses and the maximum mortality and expense risk (M&E) charge of 0.85%. The M&E charge for your variable annuity may be lower. Returns shown do not reflect the deduction of contingent deferred sales charge (CDSC) or surrender charge of 0.00%. The returns shown would be reduced if this charge was applied.
