

CRA Retirement Plans - 98721-01/02
Investment Performance as of 09/30/2020

Performance data quoted represents past performance and is not a guarantee or prediction of future results. The investment return and principal value of an investment will fluctuate so that, when redeemed, shares/units may be worth more or less than their original cost. Current performance may be lower or higher than performance data shown. Performance for a share class before its inception is derived from the historical performance of the oldest share class. If the newer fund has lower expenses, the extended performance is not adjusted for the lower expenses; had it, returns would have been higher. For performance data current to the most recent month-end, please visit www.cra-online.org.

Please consider the investment objectives, risk, fees and expenses carefully before investing. For this and other important information you may obtain mutual fund prospectuses for registered investment options and/or disclosure documents from the web site at www.cra-online.org. For prospectuses related to investments in your Self-Directed Brokerage (SDB) account, contact your SDB provider. Read them carefully before investing.

You could lose money by investing in a Money Market Fund. Although the fund seeks to preserve the value of your investment at \$1 per share, it cannot guarantee it will do so. An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor has no legal obligation to provide financial support to the fund, and you should not expect that the sponsor will provide financial support to the fund at any time.

For additional fund information, please refer to the Fund Fact Sheet or Prospectus.
